

Mini Idrociclone

Corpo: Acciaio verniciato epossidico

Attacchi: Filettati

Pressione d'esercizio massima: 6 bar

Mini Hydro-Cyclone

Body: Steel epoxy coated

Connections: Threaded

Max working pressure: 6 bar

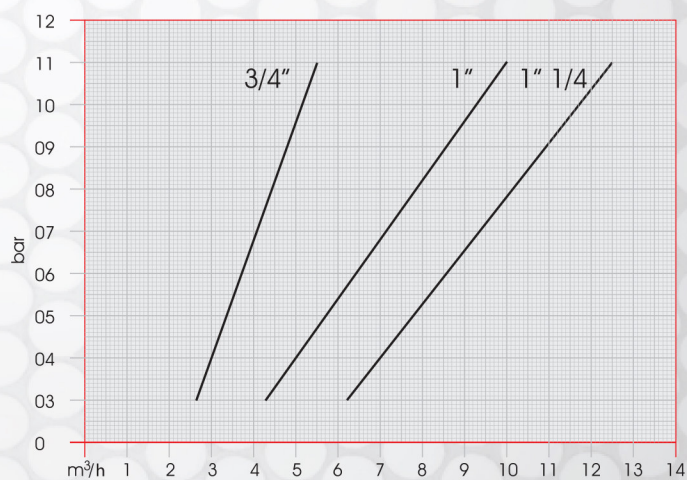

Mini Hydrocyclone

Corps: Acier revêtu d'époxy

Jonctions: Taraudés

Pression d'exercice maximum: 6 bar

Perdite di carico*

*Portata massima
intesa con acqua pulita

Head loss*

*Maximum intended
capacity with water

Perte de charge*

*Compréhension de débit
maximum avec de l'eau
